

NEC Express5800/1320xf, 1080Rf, 1320xd, 1080xd, 1160xd

Enterprise Server End of Life Notification

Effective Friday, March 29, 2013, the following NEC Express Enterprise Servers (Itanium-based processor solution) will have reached their End of Service Life (EOSL) NEC's: 1320xf, 1080Rf, 1320xd, 1080xd and 1160xd. NEC will no longer be offering customers maintenance contract options for those models. Customers who are in valid, current contracts will be supported only until the end of their contract period. No maintenance extensions are available.

Customers wishing to refresh their enterprise server solutions or who may have further questions about the EOSL process and effects should contact their NEC Sales Managers or NEC Partners.
