

Why
Choose
NEC

NEC Corporation Of America

As a wholly-owned subsidiary of NEC Corporation, a Japanese global leader of advanced technologies, NEC Corporation of America works with organizations of all types and sizes by providing a full spectrum of IT and communications technologies focused on safety, security and efficiency. Headquartered in Irving, Texas, NEC Corporation of America has an internal workforce, a robust network of channel partners and direct sales teams dedicated to helping our customers leverage maximum value from the solutions and services we provide.

An Unwavering Commitment to Being a Trusted, Valued and Responsible Business Partner That:

- Transforms how organizations function, communication, collaborate and compete
- Reimagines how customer interactions are supported and experienced
- Improves overall safety and security within the private and public sector

Our Mission

We are committed to developing, deploying and supporting best-in-class solutions and services that:

- Free workers from conventional constraints
- Enable organizations to achieve new levels in responsiveness and productivity
- Simplify processes for greater efficiency and cost savings
- Strengthen organizational continuity and resilience
- Create more secure and open environments and experiences

Our Value

Everyday our solutions and services contribute to greater safety, security, efficiency and equality by allowing people to live richer and more fulfilling lives. It is our ability to leverage over 120 years of innovative technologies and our ongoing investment in research and development that has made us an international information communications technology (ICT) leader. We continue to invest in and provide solutions that optimize business practices, drive workforce engagement and create safer and more competitive advantages around the high value areas of:

- Analytics
- Artificial Intelligence
- Biometric Authentication
- Cloud Services
- Communications & Collaboration
- Data Management
- Identity Management
- Network Infrastructure
- Safety & Security

In addition to our constantly evolving portfolio, NEC also draws on best-of-breed applications through alliances with leading software and hardware suppliers enabling us to provide total solutions and tailor-made applications that suit customers' specific needs.

Our Customers

NEC is well established within the United States and globally. Our success is founded on the strength of our portfolio and our ability to identify and meet the needs of our customer regionally and worldwide. Being able to strengthen our customers' competitive capabilities has made us a recognized presence across a wide spectrum of industries, including:

- Aviation
- Healthcare
- Hospitality
- Education
- Financial Services
- Government
- Manufacturing
- Retail
- Utilities

Our Social Awareness

Our reputation as a trusted, valued and responsible business partner is based on a corporate culture of accountability where ethical values and professional standards shape the solutions and services we design, develop, sell and deploy and that have the potential to produce tremendous benefits globally and across the United States. We are equally committed to creating a vibrant work environment where every employee has a sense of belonging and given the opportunity to contribute to their fullest extent.
