

International Biometrics Association (IBA) User Conference

August 28-30, 2023

Fairmont Chicago Millennium Park, Chicago, IL

CONFERENCE OVERVIEW

The International Biometrics Association (IBA) Conference delivers inspirational keynotes, engaging panel discussions, targeted educational sessions, firsthand workshops, and training and certification classes. IBA, in partnership with NEC Corporation of America (NEC), strives to provide its members with educational and networking opportunities while facilitating a forum that leads to the development of new biometric technologies to help create a safer society.

PROGRAM HIGHLIGHTS

INSPIRATIONAL KEYNOTE by renowned speaker and former NYC Police Commissioner **William J. Bratton**

ROUNDTABLE DISCUSSIONS AND INFORMATIONAL PRESENTATIONS with exciting views on advancements in **Biometrics, Anomaly Detection, Federal Policy Creation & Benefits, FBI CJIS Updates, Facial Recognition Legislation Mandates, AI, SaaS Migration, and Digital ID** for law enforcement, and Federal government agencies

PROFESSIONAL DEVELOPMENT SESSIONS in **Rapid DNA, Rapback, Mobile Identification Solutions, OSAC / FISWIG Updates, MBIS Cloud Deployments, Tattoo & Iris Matching** and more

MULTI-MODAL WORKSHOPS AND CERTIFICATIONS for Latent and Tenprint examiners
