

Mobile WAY

SINGLE APP UNITES MULTI-AGENCY BIOMETRIC SEARCHING

Mobile WAY provides a unified cloud platform for rapid search of federal, state and local law enforcement biometric database. Its subscription-based Software as a Service (SaaS) model makes Mobile WAY fiscal-friendly for any size agency.

Running on NEC Digital Platform, the device- and system-agnostic app supports traditional all in one (AIO) biometric mobile devices as well as newer Android and iOS smartphones including contactless biometric capture. The intuitive experience simplifies searches across systems, and the subscription service eliminates the hassle of license management.
