

# Simple, Cost-Effective Call Routing for Your Business

**NETWORK CONNECT** is a new call routing solution from NEC that instantly matches each call with the most cost-effective and reliable connection available. The result?

**Up to 30% or more  
annual savings on  
carrier costs**

## HOW NEC will help you save money

### See the Difference

	NETWORK CONNECT	STANDARD CARRIERS
 <b>CARRIER</b>	Optimizes multiple carrier networks	Single carrier capabilities and limitations
 <b>CALL TIME CHARGES</b>	Actual, to the second	Rounded up
 <b>COSTS</b>	Wholesale pricing based on usage	Fees + Upcharges
 <b>VISIBILITY</b>	Single-pane of glass management	None
 <b>CALL QUALITY</b>	Best quality possible	Whatever is available
 <b>CONTRACT TERMS</b>	Flexible with many options	Long, fixed contracts
 <b>TECHNOLOGY</b>	Machine learning, powered by AI and voice quality optimization	Varies by carrier

### Choose a Proven Leader in Telecommunications
