withstands the drops, knocks and bumps of a fast-paced retail environment

Large LCD touch screen

makes it easier to enter data with stylus or fingers

Dual-battery backup

eliminates risk of data loss from power failure

Wireless, real-time data access

lets you track inventory, make sales, order supplies and more

stanchion®

Compact, Lightweight, Rugged Device

Our rugged, drop-certified tablet is designed to withstand daily use in a harsh retail environment, reducing repair costs and device downtime. Its compact, lightweight design makes it easy to carry and use on the sales floor.

Large LCD Touch Screen

The 10.4" backlit touchscreen is big enough to enter data using your finger or a stylus to view, order, track inventory, evaluate planograms, and other retail functions, increasing efficiency during your busy day.

Dual-Battery Backup

Keep device downtime to a minimum and eliminate the risk of data loss with batteries that you can swap out while using the device.

Wireless, Real-Time Data Access

Embedded with retail-ready Windows® XP software, our tablet connects wirelessly to your existing store system, giving you the freedom to interact with customers on the sales floor while accessing the data you need anytime, anywhere in-store.
