

Instant Identity. Faster Decisions. Safer Officers.

NEC SmartScan™ Connect

Unified Biometric Identification for Policing

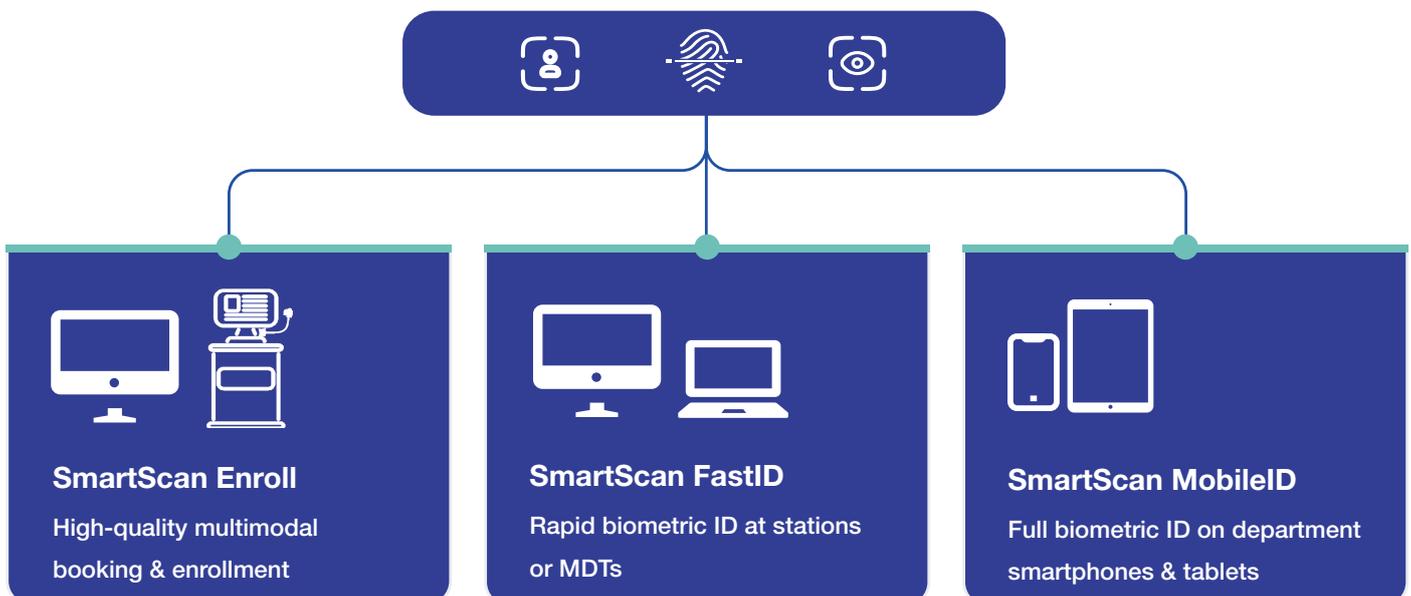

The Command Challenge

Every stop, booking, transport, and release depends on one critical factor: **knowing exactly who you're dealing with.** Traditional identity methods are slow, fragmented, and vulnerable to error—putting officers, detainees, and communities at risk.

SmartScan Connect delivers rapid, accurate biometric identification across stations, vehicles, and mobile devices—using one secure, CJIS-compliant cloud platform.

What You Get with SmartScan Connect

One Platform. Three Field-Proven Apps. Total Control.

All centrally managed through one web-based admin portal.

SmartScan Enroll - Booking & Enrollment

Purpose:

Build complete, high-quality biometric records the first time.

- Fingerprint, face, iris, and scars/marks/tattoos (SMT) capture
- Guided workflows meeting AFIS & NIST standards
- Supports criminal booking, background checks, civil vetting, and credentialing

Command Value:

- Higher data quality
- Faster bookings
- Fewer rejected submissions

SmartScan FastID - Rapid Identification

Purpose:

Quickly identify or verify individuals before or during custody.

- Instant AFIS searches (local, state, national)
- Fingerprint, face, and iris identification or verification
- Works on desktops, laptops, and MDTs

Command Value:

- Faster pre-booking decisions
- Reduced misidentification
- Improved officer safety

SmartScan MobileID - Identity in the Field

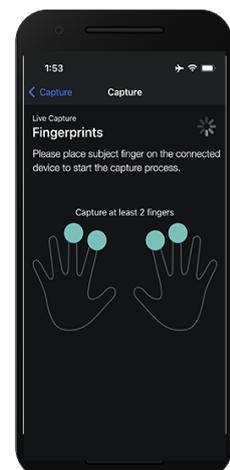

Purpose:

Bring biometric ID directly to officers' mobile devices.

- iOS & Android support
- Works with portable fingerprint & iris readers
- Ideal for patrol, warrants, fugitive ops, and disasters

Command Value:

- Fewer unnecessary transports
- Faster subject resolution
- True remote identification

Platform Advantages for Leadership

CJIS Security Policy compliant

One portal for users, devices, and workflows

Interoperable with NEC and third-party backend systems

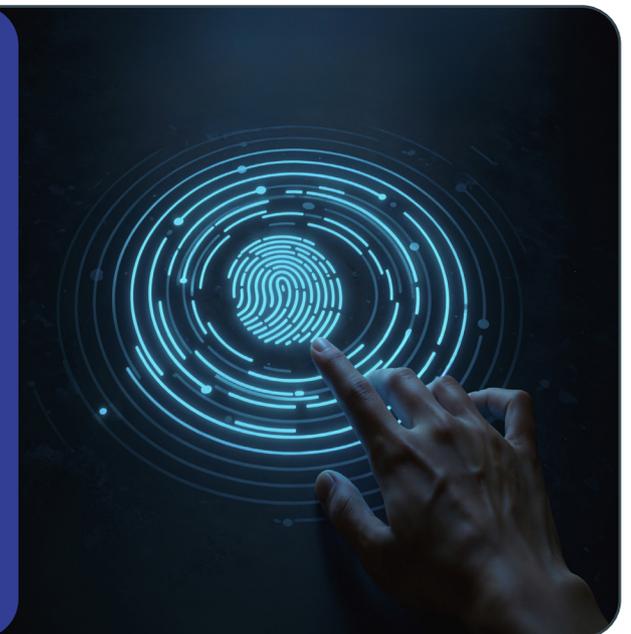

Offline resilience with secure transaction caching

Modern SaaS delivery – lower IT burden, faster deployment

Why Agencies Choose NEC?

- Global leader in biometrics
- Decades of identity innovation
- Trusted by local, state, and federal agencies
- Proven accuracy, reliability, and security
- #1 ranked facial recognition accuracy by NIST (0.07% error rate)

Licensing & Support

Subscription-based

Scales from small departments to statewide deployments

U.S.-based onboarding, training, and support

Results That Matter

Faster identifications

Fewer booking errors

Safer officers

Lower operational friction

Use Anywhere

Station

Vehicle

Jail

Court

Field

Mobile

Bring Instant Identity to Every Mission

Confirm identity anywhere—faster, safer, and with less equipment.
